Lee is Zooming each Wednesday from 7:30pm to keep connected.

I'm hoping you are all well and your lovely young people have not driven you insane just yet.

Well we are here to help.

On Wednesdays at 7:30 pm, we will be logging onto Zoom to meet and chat with the young people. We are hoping to get as many of you to join to keep the community of NYC going. Hopefully this will give the young people a chance to socialise from home with their friends.

We are using Zoom which may need to be downloaded on to a laptop, tablet or phone.

1. You will need to sign up using your email and you have control over this. This is you giving us consent for them to join.
2. They don't have to be on video but I do feel to get the most they may want to think about it. We would also ask that you are with them if possible for the beginning.
3. I have set up a waiting room which means that they won't be able to talk before or after the video chat. This is to stop things like bullying etc.

We have about 30 mins. Mainly to catch up, do a little quiz, play a few games etc.
