Big Wows for Owls!

It has been a very exciting week!

Virtual New Year Club on Sunday attracted more families than any other club I have streamed since the Pandemic began, with new families joining. There were 50 comments written in the live chat,

creating a forum for families to interact. Our lovely Paul helped to advertise the club online before the 8:00 a.m. service in minus temperatures.

At least he had his Owls' hat to keep warm!

2nd New Year Club: Start, Stop, Carry On, Matthew 2

Palm and Owls Club were each delivered a Christingle collection box in their Christmas advent packs and returned these at the December clubs, raising £76 for the Children's

Society. Well done Palmers and Little Owls!

Our very clever Linda Farmer has finished the Owls Club banner. It is AMAZING and I can't wait for

Owls to be back up and running so that all the children can see it! It now forms the profile picture for our WhatsApp Wise Owls support group.

Finally, Newick Church's "Church Mouse", who writes for the Parish News magazine has found love. Dandelion (who was recently knitted by my Mum!), will be joining him for some of the school videos that I make each week and is helping me to keep him in order.
