Happy Easter from Owls Club!

We are very much looking forward to opening up Newick Church to Owls Club again after three months of virtual clubs and Zooms, starting off with Outside Easter Owls this Sunday for Easter Garden making and chick hunting. We are hoping to be back in the Barn Centre for May Owls, applying all the necessary Covid protections and are praying for a greater relaxing of Covid procedures in July, if the intended 'roadmap' goes according to plan. It would be lovely to invite Owls back into the Church at the end of the service in the Summer, which we are not currently allowed to do.
